# How many kinds of paper did you recycle today?

# PAPER

## Recycle It **ALL** Ways

Keep cans, bottles and jars separate from paper.

Different kinds of paper as well as cardboard and newspaper can be recycled together in the same container.

You can recycle all cardboard boxes. Cardboard boxes do not need to be broken down.

You can recycle paper in a recycling bin, paper bag or other reusable container marked with an "X" on all sides.

Large pieces of flat cardboard can be placed under or next to the recycling bin.

### Recycling paper is simple and easy!

You can recycle almost **ALL** paper—everything except paper towels, tissues, milk and juice boxes and other wax-coated containers.

Just keep paper (mixed together is fine) separate from cans, bottles and jars, both at the curb and at our convenience centers.
